

WHAT WE ARE LOOKING FOR...

- Children's books for kids aged birth to 12 years old.
- Children's books printed within the last 10 years, (print date of 2011 to present).
* Published date is not always the same as print date.
- Children's books in new or gently used condition – no missing covers, torn pages, or pages with colouring / writing on them. *A general rule – if you would gift the book to a child, then it's a book we can use.

If you are considering purchasing books, or wonder what we get asked for most often at the Book Bank, here is a list of titles currently in demand.
